1. Contract with Three

The Contract with Three for Telecommunications Services is made up of the following:

- (1) the General Terms and Conditions – Three Telecommunications Services; and
- (2) the Three Privacy policy at <https://www.three.ie/legal/privacy/privacy-notice.html> and any Acceptable Use Policy; and
- (3) the Price Plans and Price Plan Rules which Three makes available from time to time; and
- (4) the CAF/ MSA – whichever is applicable.

The Contract constitutes a legally binding agreement between Three Ireland (Hutchison) Limited, a company registered in the Republic of Ireland under Companies Registration Office number 316982 with a registered office and regular place of business located at 28/29 Sir John Rogerson's Quay, Docklands, Dublin 2, Ireland ("**THREE**") and the company, corporation or other legal entity specified in the Customer Agreement Form ("**Customer**").

2. Commencement of Services, Term and Minimum Term

2.1 The Contract is effective from the Service Commencement Date and will continue until it is terminated, cancelled or suspended in accordance with the terms of the Contract. The Customer acknowledges and agrees that the Contract is effective from the Service Commencement Date for the Minimum Term in respect of certain Price Plans requested by the Customer in the Customer Agreement Form.

2.2 Should the Customer terminate either a particular price plan or the contract prior to the end of the Minimum Term, the Customer will be immediately liable to pay three the Termination Charges.

2.3 In the event that the Customer terminates a particular Price Plan during a Minimum Term and continues to receive other Services pursuant to separate Price Plans, the Customer will (1) be liable for the Termination Charges arising in respect of such termination and (2) cease to be a customer of the particular Price Plan so terminated and will be deemed to have terminated only the particular Price Plan for the purposes of the Contract. Where in such circumstances the Customer continues to receive Services pursuant to separate Price Plans, THREE will charge for such Services at the then current THREE rates.

2.4 We will provide the Customer with notification of the best Price Plan

advice at least one month before your existing Minimum Term is due to expire. For example, if your contract is due to expire on 30 June 2025, you will receive a best Price Plan advice notification by 30 May 2025. You will receive best Price Plan notification advice thereafter on an annual basis.

3. Services Description and Restrictions

3.1 Provision of the Services by THREE is dependent on acceptance by THREE of (1) a completed Customer Agreement Form or "Agreement for Mobile Services" document, or (2) the required Customer authorisation being captured via Call Recording, or (3) the Customer having completed the application process for the Services via www.three.ie in accordance with THREE's procedures and compliance at all times by the Customer with the terms of the Contract.

3.2 THREE will use reasonable efforts to provide the Services subject to technical and commercial feasibility. However, the Customer acknowledges that it is not technically possible to provide or guarantee the provision of the Services on an uninterrupted, fault free or error free basis. THREE will use reasonable efforts to remedy any faults with the Services which materially impair performance of the Services in so far as the material impairment is directly attributable to aspects of the Services which are directly controlled by THREE.

3.3 THREE may in its discretion for operational, technical or commercial reasons determine that it may not be able to provide some or all requested components of the Services and reserves the right to offer the Customer the remaining components of the Services requested by the Customer. 3.4 THREE will use all reasonable efforts to provide the Services by any date agreed with the Customer but the Customer acknowledges that all dates are estimates and THREE has no liability for any failure to provide the Services by any specific date.

3.5 THREE reserves the right to vary or change the Contract for operational, technical, commercial or other reasons, subject to clause 22.

3.6 In the event that the Customer has been provided with a service which is equivalent to the Fixed Services prior to the Service Commencement Date, then THREE will, where possible and reasonably practicable, facilitate the Customer by requesting a Service Transfer to THREE.

THREE makes no guarantee that a Service Transfer will be possible or that the Fixed Service will be free from interruption while performing a Service Transfer and THREE will not be held liable to the Customer for any losses or adverse consequences arising during the Service Transfer.

3.7 The Customer acknowledges and agrees that where either a fixed or dynamic internet protocol address is provided to the Customer as part of the Fixed Services, such an internet protocol address will at all times remain the sole property of THREE and/or its licensors and is provided to Customer by way of limited internal license and solely for use in association with the Fixed Services.

3.8 The Customer will at no time acquire any rights or title in the numbers and/or codes allocated to it by THREE. THREE reserves the right to withdraw or replace any numbers or codes allocated to the Customer for operational or technical reasons or where any such withdrawal is required by any applicable Law. Where numbers or codes are to be withdrawn or replaced, THREE will use reasonable efforts to provide the Customer with reasonable notice having regard to the circumstances of the withdrawal or replacement.

3.9 THREE does not guarantee access to Third Party Content on the Internet and THREE does not accept responsibility or liability in any way where Customer accesses or downloads Third Party Content from the internet or uploads or transmits content using the THREE Services.

Additional Service Restrictions - Landline Services

3.10 The application by the Customer for Landline Services is subject to the Customer having a Universal Account Number and is in respect of individual Lines and not the Customer's entire telephone account (unless otherwise specified on the Customer Agreement Form). The Customer must specifically elect on the Customer Agreement Form in respect of each Line which the Customer wishes to have the Landline Services provided.

3.11 The Customer accepts and acknowledges that (i) the Access Provider will bar access to all carrier select and carrier access codes on telephone lines that have Single Bill applied; and (ii) override codes are not available for use by the Customer in conjunction with the Landline Services. The Customer accepts that THREE will have no liability for any losses or damages which arise from not providing the Landline Services in the event that such restrictions are not accepted by the Customer.

3.12 The Customer agrees that it will not (and agrees not to permit any third party to do anything similar) (1) attach anything directly or indirectly to a Line; (2) place anything in electrical connection with a Line; or (3) use anything in such a way that it is capable of transmitting or receiving any message, signal or communication to or from a Line.

Additional Service Restrictions - Fixed Broadband Services

3.13 During the delivery and installation of Fixed Broadband Services, the Customer may experience a temporary loss of its analogue direct exchange line service. If the Customer is converting ISDN to PSTN the Customer may experience loss of ISDN service. Any Customer availing of Fixed Broadband Services which are fibre based will experience downtime on Service as an engineer assisted installation is required. THREE will not be liable to the Customer for any losses or damages which arise during any such periods of loss of service.

3.14 In the event that the Customer has ISDN and/or any type of monitored alarm system on its phone line, or for certain other reasons, it may not be able to avail of the self-install option for Fixed Broadband Services.

The Customer accepts that THREE may not be able to confirm this position at the point of sale with the Customer and that THREE accepts no liability in this regard. The Customer acknowledges that the Fixed Broadband Services will not be compatible without correct installation. THREE may in its discretion offer to provide a THREE engineer or third party engineer acting at the direction of THREE to install the Fixed Broadband Services (standard charges apply). THREE reserves the right to apply standard charges where agreed appointment dates are not observed by the Customer. Depending on the profile of the Customer Equipment and the Customer Premises a visit (or multiple visits) by an installation engineer may be required.

3.15 The Customer must have an analogue direct exchange line which terminates on a master socket forming part of the PSTN network and the Customers Line must pass all pre-qualification testing carried out by THREE and/or the Access Provider (as applicable) and must also be capable of activation for the Fixed Broadband Services and continuing receipt of the Fixed Broadband Services. The installation of Fixed Broadband Services which are fibre based will involve changes to the existing Customer Equipment maintained at the Customer Premises.

3.16 The Fixed Broadband Services may be restricted to certain Customers whose telephone lines are within the Service Availability Area or for other technical reasons which may prohibit/restrict THREE from pre-qualifying certain Customers or disqualifying certain Customers at a later time.

3.17 The Customer acknowledges that the bit rates or 'Up To speeds' specified in Price Plans in respect of Fixed Broadband Services may be reduced by contention within the Network from time to time and that THREE cannot and does not guarantee that the Fixed Broadband Services will achieve any specific speeds.

3.18 In the event that the Customer exceeds their Monthly Download Allowance provided in connection with a Price Plan, THREE reserves the right to charge the Customer for any such excess download and the Customer will pay such charges at the prevailing rate.

Additional Service Restrictions and Porting - Mobile Services

3.19 The Customer may only use the Mobile Services outside the Republic of Ireland if certain additional roaming facilities are made available by THREE. Additional terms and charges may apply if the Customer is using the Mobile Services outside the Republic of Ireland. Please refer to www.three.ie and the Price Plan chosen for further details on roaming.

3.20 If the Customer is transferring existing mobile services to the Network from another mobile operator, the Customer will have to comply with the porting requirements of this mobile operator and also the THREE porting requirements.

3.21 THREE may be unable to transfer and port the Customer's mobile number(s) to the Network for the purposes of availing of Mobile Services if the Customer has not complied with the porting requirements of the mobile operator the Customer is transferring from or the THREE porting requirements.

3.22 Any existing credits and allowances the Customer may have with another mobile operator will not be transferred to THREE. THREE does not guarantee or provide any commitments that the Customer's numbers can be transferred to THREE.

3.23 Certain services which the Customer is able to receive from other mobile operators may not be available on the Network and the Customer may need to obtain SIM security or network locking functions removed by the mobile operator that the Customer is transferring from.

3.24 THREE may reject the Customer's request to transfer to the Network if any information provided to THREE as part of the porting process is inaccurate or false or if the Customer owes any money to the mobile operator the Customer is transferring from or for other valid technical and operational reasons. Please refer to www.three.ie for further details of the THREE porting policy.

3.25 If you decide to switch or port your mobile number from THREE to another service provider, where there is a failure of the porting process we will, where we reasonably can, reactivate your number and related services until the porting is successful. We will also take all reasonable steps to continue to provide services to you on the same terms and conditions until the services of the

receiving provider are activated. Your agreement with us will be terminated automatically upon conclusion of the porting process. If you are unhappy about any aspect of our Three Services, please refer to Section 25.

3.26 Any insurance services availed of by the Customer in respect of Three Mobile Equipment is provided by third parties and does not form part of the Customer's Contract with THREE.

4. THREE Fixed Services Equipment/Access Provider Equipment

4.1 The THREE Fixed Services Equipment remains the property of THREE or the Access Provider at all times and is provided and made available solely in respect of the Services and for no other use.

4.2 The Customer agrees not to add to, modify or in any way interfere with the THREE Fixed Services Equipment, will be responsible for the safe-keeping and proper use of the THREE Fixed Services Equipment, will maintain any THREE Fixed Services Equipment dispatched in advance in a state of preparedness for installation and will be liable for any damage caused to the THREE Fixed Services Equipment located or used at the Customer Premises (fair wear and tear excepted). Upon expiry or termination of the Contract for any reason, the Customer will, at Customers expense, be responsible for returning the THREE Fixed Services Equipment without undue delay to THREE at such address as THREE may advise.

4.3 The Customer will ensure that all THREE and Access Provider instructions are followed correctly in accordance with the instruction manual for each piece of THREE Fixed Services Equipment and THREE accept no responsibility or liability owing to the Customer's failure to follow instructions provided or made available by THREE.

4.4 The Customer will comply with and agrees to be bound by all conditions of any license or instructions under which the THREE Fixed Services Equipment or any third party technology is provided or made available as part of the Services and will ensure that all persons having access to the Services or the THREE Fixed Services Equipment comply with the terms and conditions of the Contract.

5. THREE Mobile Equipment (Locked to the THREE Network)

5.1 The THREE Mobile Equipment is locked to the Network and the Customer is restricted from using the THREE Mobile Equipment on any other network (unless the Customer is roaming). Should the Customer wish to use the THREE Mobile Equipment on any other network the Customer

must meet certain conditions before THREE can supply the Customer with an unlocking code. The Customer must not permit the THREE Mobile Equipment to be unlocked from the Network by anyone other than THREE or the THREE Mobile Equipment manufacturer. Please see the THREE unlocking policy on www.three.ie for further information on the ways THREE lock THREE Mobile Equipment to the Network.

5.2 The Customer does not own the SIM Card provided as part of the Mobile Services. THREE owns the SIM Card and THREE grants the Customer a license to use the SIM Card for gaining access to the Mobile Services and for no other purpose. The SIM Card must be returned to THREE on request.

5.3 Three will deliver the Three Mobile Equipment to the address specified on the completed Order provided the address is in the Republic of Ireland.

5.4 The Customer will be deemed to have accepted the Three Mobile Equipment when that item of Equipment has been delivered to the Customer and has been used by the Customer to avail of Mobile Services.

5.5 Risk in an item of Three Mobile Equipment will pass to the Customer on delivery of the Three Mobile Equipment to the Customer.

5.6 Title in the Three Mobile Equipment shall pass to the Customer upon payment of all Charges due in connection with the Three Mobile Equipment

6. Customer Equipment

6.1 Customer Equipment must be connected and used in accordance with any instructions and any safety or security procedures applicable to the use of such Customer Equipment and must be technically compatible with the Services and approved for that purpose under any relevant Law.

6.2 The Customer may choose to use their own Modem for access to the Fixed Services. However, THREE will not support this Modem or make any assurances as to the quality of Fixed Services accessed through use of this equipment. Additionally, if the Customer chooses to use their own equipment for access to/use of the Fixed Services, THREE will be in no way responsible for any damage done to the Customer Equipment or impairment to the Services arising as a result.

6.3 The Customer is responsible for providing, configuring and maintaining necessary Customer Equipment and other computer hardware, software and telecommunications equipment (where applicable) and services necessary to the provision, access and use of the Fixed Services.

7. Access and Site Regulations

7.1 The Customer hereby authorises THREE and/or the Access Provider to install and connect any equipment necessary to provide the Fixed Services or the Mobile Services to the Customer.

7.2 Anyone acting on THREE's behalf will observe the Customer Premises regulations previously advised in writing to THREE. In the event of any conflict between the Customer Premises regulations and the Contract, the Contract will control and prevail.

7.3 THREE may need to access the Customer Premises from time to time (for example, for installation, repairs, maintenance or upgrades or to recover THREE Fixed Services Equipment when this Contract expires or is terminated) and Company agrees not to unreasonably withhold access permissions in this regard.

7.4 The Customer will provide a safe and suitable working environment for THREE personnel and/or anyone acting on THREE's behalf that has a requirement to visit any Customer Premises in furtherance of the subject matter of the Contract.

8. Services (Use by the Customer)

8.1 The Services provided by THREE are provided solely for the Customer's own internal use and strictly for the purposes of the Contract and the Customer will not resell, share, lease, hire, exploit or permit access to the Services (or any part of the Services) to any third party through use of direct cable connection, network connection, wireless networking or any other means. THREE reserves the right to suspend the Services pending investigation where it reasonably suspects any of the above requirements have been breached by the Customer and reserves the right to terminate the Contract immediately where such breach has taken place.

8.2 The Customer will only access and use the Services as permitted by THREE, will comply with all reasonable instructions given by THREE and will not attempt to circumvent any Services security at any time.

8.3 The Customer agrees not to use the Services (or allow any third party to use the Services) for any purpose or in any manner that:

8.3.1 does not comply with the terms of the Contract, any Law or any license or authorisation that relates to the Customer or THREE;

8.3.2 is in any way unlawful or causes any nuisance;

8.3.3 does not comply with any reasonable instructions given to THREE by the Access Provider or other competent authority;

8.3.4 would result in THREE being in breach of any agreement between THREE and the Access Provider;

8.3.5 constitutes a violation or infringement of the rights (including intellectual property rights) of

any person, firm or company;

8.3.6 may cause degradation of service levels to other THREE customers as determined by THREE or have an adverse effect on the Network;

8.3.7 does not comply with any reasonable instructions provided by THREE from time to time; or

8.3.8 constitutes (in the reasonable opinion of THREE) the making of a call to or from a 'Mobile Gateway' or 'SIM Box'; or

8.3.9 is otherwise than in accordance with the Acceptable Use Policy.

8.4 Three reserves the right to add to, substitute or discontinue any Ancillary Mobile Services at any time. Three does not guarantee the continuing availability of any particular Ancillary Mobile Services.

8.9 The Customer will be liable for all Charges incurred in connection with the Customer's use of the Mobile Services.

8.10 Three may monitor the Customer's usage of the Mobile Services for the purpose of controlling Three's credit risk and the Customer's exposure to fraudulent usage.

8.11 Mobile internet speeds vary due to a number of factors including (a) the location of the user, (b) Device capability (handset/modem), (c) distance of user from the serving Network site, (d) number of users active on the Network site at any given time, (e) location of the handset/modem if using indoors and (f) geographical obstructions.

8.12 Three reserves the right to issue the Customer with reasonable instructions concerning the use of the Mobile Services (including the right to restrict certain components of the Mobile Services) in the interests of safety, quality of service, other Three customers or for any other technical or operational reason Three thinks is necessary. Three may also publish policies including: (i) acceptable use and fair use policies (including a Data Modem Usage policy for Data Modem customers) which provides more detail about the rules for use of certain Mobile Services, and the actions that might be taken and any network management tools or measures which we may take in order to ensure that use of certain Mobile Services is not excessive, to combat fraud and to ensure that Mobile Services can be enjoyed by all Three our customers; (ii) policies relating to Network management tools or measures that Three may undertake to measure and shape traffic so as to avoid filling or overfilling a network link or node or any IT system; and (iii) policies

regarding steps that Three may take to prevent and in reaction to security and integrity threats and vulnerabilities (including threats or vulnerabilities to our Network, IT and other systems). The Customer is able to view these policies on Three's website or request a copy by calling 1913. The Customer agrees to comply with any policy (including any amended policy) published by Three from time to time that applies to use of the MSA for Mobile Services and agrees that Three may implement these policies. (Please note that these policies will set out how these measures may impact on service quality.)

9. Maintenance and Customer Care

9.1 Prior to the Service Commencement Date, and where necessary for the continuing provision of the Fixed Services, THREE and/or the Access Provider may perform a survey of the Customer Premises.

9.2 THREE will respond to reported faults with the Services without undue delay by taking Network management measures it deems appropriate. THREE reserves the right to endeavour to resolve reported faults remotely but in certain instances an engineer visit from THREE agents, the Access Provider or a third party engineer as recommended by THREE may be required (standard engineer visit charges will apply). THREE will notify the Customer if the fault exists outside the Network boundary.

THREE will endeavour to rectify the fault in liaison with the Access Provider as soon as reasonably practicable according to the Access Provider service maintenance conditions. No liability will be accepted for any loss or damage arising as a result of an interruption in the Fixed Services during such maintenance or repair time.

9.3 For the purposes of providing new connections, changing routing tables, updating facilities and general inspection, repair and maintenance, scheduled downtime may be required from time to time. THREE will use its reasonable efforts to schedule Planned Maintenance at times and on dates that are designed not to materially impact on the Customer's operations.

9.4 THREE will provide a customer care help desk facility for the reporting of faults with the Services by the Customer and advice on the day to day use of the Services.

10. Charges and Payment

10.1 The Customer agrees to pay all Charges for the Services set out in the Price Plans in accordance

with the terms of the Contract and applicable Price Plan Rules. Charges are payable and due as and from the Service Commencement Date. Payment must be made by the date the payment is due as displayed on the Customer's bill. The Customer may continue to be billed separately by the Access Provider for any Single Billing Product Exclusions that may apply in respect of Fixed Services. THREE reserves the right to charge interest on any overdue amount at 2% p.a. above the AIB plc base lending rate as varied from time to time until any outstanding amount due to THREE has been paid in full.

10.2 Unless otherwise stated, all quoted Charges are in euro (€) and will be exclusive of Value Added Tax (VAT).

10.3 Should the Customer disagree with any of the Charges appearing on a bill, the Customer should contact THREE before the due date of payment. Following investigation by THREE, should these Charges be deemed incorrect, the amount payable will be updated in a subsequent invoice. If correct the full amount remains due.

10.4 Other than in the case of manifest error, Charges will be calculated by reference to the data recorded or logged by THREE and THREE's determination in respect thereof is final. As some usage of the Services takes longer to bill, the Customer may be billed for charges incurred in a prior billing period.

10.5 THREE reserves the right to apply Charges in relation to cessation, connection and reconnection of the Services (where required).

10.6 The Customer agrees and acknowledges that for reasons of rate rounding, Charges quoted may differ from Charges invoiced. Any such rate rounding will be carried out in a commercially reasonable manner and in good faith. Where the Customer has multiple services with THREE, and because of this receives a discount on Charges, then in the event that one of the multiple services with THREE is terminated for any reason whatsoever or howsoever arising then the Services which the Customer continues to receive will be charged at the standard THREE Charges applicable to such Services at the time of such termination.

10.7 THREE may set a credit limit on the Customer's account. THREE may increase, decrease or remove this credit limit without notice. If the Customer exceeds the credit limit set by THREE, THREE may suspend any or all of the Three Services the Customer uses until the Customer has made a payment to its account. The Customer should not use the credit limit for budgeting as the amount the Customer owes is not capped or limited by any credit limit we set. The Customer may

contact Three Customer Services at any time to find out its then current credit limit.

10.8 If you have been accepted as a Customer under the terms of our Advance Payment Scheme, we will hold your advance payment or deposit until your bills have been paid in full and by the due date for six consecutive months. After the period, you may request us in writing to refund your advance payment, which will be credited to your account unless you ask otherwise. If you fail to pay your bills in full by the due date, we reserve the right, in addition to our rights, to set off your advance payment against unpaid bills.

10.9 We shall provide you with the facility to monitor and view usage on our Three app - My3 or SME Online and shall also provide Price Plan allowance usage text notifications to you; unless you have expressly opted out of usage notifications.

11. THREE Warranties

11.1 THREE warrants that (i) the Network and the Services (including any subsequent versions, upgrades, enhancements, modifications) will not knowingly infringe upon or violate any patent, copyright, trademark, trade secret or any other proprietary right of any third party; and (ii) that the Services will be provided to the Customer from the Services Commencement Date with the reasonable skill and care of a competent telecommunications service provider.

In the event that Three Mobile Equipment is provided to replace Three Mobile Equipment which has failed during its Warranty Period, the replacement Three Mobile Equipment

will be provided with its own Warranty Period which shall continue until the expiry of the original Warranty Period.

13.2 THREE will not be liable to the Customer for any direct, indirect, special, incidental or consequential loss (including loss of profit) (whether or not foreseeable) as a result of:

13.2.1 the non-availability of any of the Services as permitted by the Contract or for any delay, failure, interruption, connection failure, interception or deterioration in the Services, howsoever arising and including any acts, failures or omissions attributable to the Access Provider;

13.2.2 any third party unauthorised access to the Services or THREE Fixed Services Equipment or THREE Mobile Equipment, or for any loss or damage to the Customer Equipment;

13.2.3 the suspension or termination of the Services or the Contract (as permitted by the Contract);

13.2.4 the failure of the Services due to the incompatibility of the Services with any Customer Equipment or equipment not supplied by THREE;

13.2.5 any charges or penalties, including termination charges and outstanding debts payable to the Access Provider for which the Customer may be liable;

13.2.6 any accessing, publishing or use by the Customer of Third Party Content or other content or data accessed on the Internet while using the Services; or

or loss of data whether in contract, tort, arising as a result of breach of the Contract, negligence or breach of statutory duty or otherwise or the cost of procuring substitute goods or services.

13.5 The Customer accepts that THREE is not responsible for and does not monitor or exercise any control over messages or Third Party Content or other content or data accessed, used or sent using the Services or otherwise available on the Internet, that the security of the Internet as a communication medium cannot and is not guaranteed in any way by THREE and that THREE will have no liability in connection therewith.

14.2 Notwithstanding any other term of the Contract, if the Customer fails to pay any Charges due in accordance with the terms of the Contract, THREE may, at its option immediately either (a) restrict, suspend or terminate provision of the Services, and THREE will be released from its obligations under the Contract until any balance due is paid, and/or (b) terminate the Contract without liability or right to compensation for the Customer. 14.2.3 Comply with any request of an emergency service organisation; or

14.2.4 Prevent use of the Services which in the reasonable opinion of THREE is fraudulent, defamatory or improper.

14.3 Without prejudice to its right to terminate the Contract, THREE may suspend the provision of the Services in the event that any of the circumstances listed in Section 15 which permit termination of the Contract occur.

14.4 In the event that the Services are suspended due to a breach by the Customer of the Contract, the Customer will continue to pay the non-usage dependent component of the Charges in

accordance with the Contract and the applicable Price Plans and Price Plan Rules.

14.5 Where THREE has suspended the Services pursuant to the Contract, THREE will only re-establish a connection to the Services when the Customer remedies all breaches to THREE's reasonable satisfaction. Any such reconnection may require payment of a connection fee and/or the establishment of a direct debit for the payment of all Charges accruing pursuant to the Contract.

14.6 Any suspension of the Services will not exclude THREE's right subsequently to terminate the Contract.

15. Termination of the Contract

15.1 The Customer may terminate the Contract without penalty once the applicable Minimum Term has expired upon notice to THREE and any such termination will be effective thirty (30) days after the day such termination notice is served on THREE.

The Customer will be liable for all Charges accruing in respect of the provision of the Services during the applicable termination notice period.

15.2 THREE may terminate the Contract at any time without penalty upon 90 days' notice to the Customer.
